20 performing fermentation of solids of said black water.

32. A method of utilizing waste waters; said method comprising:

separately collecting faecal waste water with urine separation toilets;

selectively performing liquid/solid separation of said faecal waste water; and  
performing fermentation of solids of said faecal waste water.

33. A method of treating sewage; said method comprising:  
separately collecting faecal waste water with urine separation toilets; and  
5 performing fermentation of said faecal waste water.
34. A method of utilizing black water; said method comprising:  
(a) separately collecting black water from toilets with or without urinals;  
(b) selectively performing liquid/solid separation of the black water collected in (a);  
(c) performing oxidation by microorganisms of a liquid phase obtained in (b);  
10 (d) performing solid/liquid separation of the product obtained in (c);  
(e) selectively utilizing the liquid phase obtained in (d) for at least one of:  
(i) collecting black water according to (a); and  
(ii) as mineral fertilizer;  
and  
15 (f) optionally repeating (a) through (e) one or more times.

**REMARKS**

Claims 31-34 are all the claims pending in the present application, claims 1-30 having been canceled. The addition of claims 31-34 does not introduce new matter.

20 Applicant respectfully submits that claims 31-34 are allowable, and consequently, that the present application is in condition for allowance. Early favorable action on the merits is requested.

Respectfully Submitted,
